To Whom It May Concern,

The Marshfield Public Schools has been working with Habeeb & Associates, Inc. for the past two years on diverse projects including a Capital Assessment Plan, Facility Audit, handicap access ramp at our high school, and an exterior door replacement project at an elementary school.

Our experience has shown that this company is well versed in municipal law, and in all aspects- engineering, architectural design, and project management- we have had excellent service and quick response to our needs along with the flexibility required to complete work while schools are in session.

Therefore, without reservation, I highly recommend Habeeb & Associates. Feel free to call me should you have any questions.

Sincerely,

Thomas J. Kelley  
Superintendent
